

skillahub

THE PLATFORM for complete management of training

skilla
il metodo di
amicucci formazione

A unique eLearning environment

for the management of the whole training cycle

from development to the use of online courses, as well as the management of classroom sessions/webinars, to the person's training curriculum, including training pill courses to choose from.

Ideal for those who have yet to **experience elearning** or those who need to **replace old platforms** with expensive annual licenses that are no longer suitable for containing new training models.
